The screenshot displays the USPTO EFS-Web interface in a Windows Internet Explorer browser window. The address bar shows the URL: <https://spatral.uspto.gov/authenticate/AuthenticateUserLocalEFP.html>. The page title is "Authenticate Entrust Desktop Security Store User".

The main content area is titled "United States Patent and Trademark Office" and includes a navigation menu with links for Home, Site Index, Search, FAQ, Glossary, Guides, Contacts, eBusiness, eBiz Alerts, News, and Help. Below this is a secondary navigation bar with links for Portal Home, Patents, Trademarks, Other, and Sign-Off Authenticated Session.

The left sidebar contains a "Patent eBusiness" section with a tree view including: Electronic Filing, Patent Application Information (PAIR), Patent Ownership (with sub-links for Change Ownership, Search Patent Assignments, Assignment Help, Fees, and Supplemental Resources & Support), Patent Information (with sub-links for Patent Guidance and General Info, Codes, Rules & Manuals, Employee & Office Directories, and Resources & Public Notices), Patent Searches (with sub-links for Patent Official Gazette, Search Patents & Applications, Search Biological Sequences, and Copies, Products & Services), and Other (with sub-links for Copyrights, Trademarks, Policy & Law, and Reports).

The main content area is titled "EFS Registered" and includes a "Registered eFilers" section with a "Please Read Announcements" link. Below this is a "Certification" section with the following text:

A submission has not been filed officially at the USPTO until the e-filer executes the Submit function and the documents are received at the USPTO Eastern Time. The Acknowledgement Receipt is evidence of this submission.
All items denoted by * are required.

Advisory (24SEPT2009): Please do not enter any preceding spaces or tabs when entering an application number (or control number for a reexamination proceeding) on the initial EFS-Web screen. If a user does enter a preceding space or tab when filing a follow-on submission to an existing design application, provisional application, or reexamination proceeding, EFS-Web will present screens that contain only document descriptions and fee codes for utility applications (rather than those for the appropriate type of application or proceeding). This issue will be resolved in the next EFS-Web release.

IMPORTANT: Please read [Legal Framework for using EFS-Web](#).

Electronic Patent Assignment System

Electronic Patent Assignment System (EPAS)

The Assignment Services Division (ASD) of the Office of Public Records presents the Electronic Patent Assignment System (EPAS).

Using EPAS, you create and submit a Patent Assignment Recordation Coversheet by completing on-line web forms and attaching the supporting legal documentation as TIFF or PDF (no color please) for submission via the Internet.

Assignment information provided by the user will be recorded as provided and will not be verified or modified by the USPTO.

SPECIAL NOTES

All forms filed via EPAS will be marked with an U.S. Eastern Time timestamp when received on the USPTO server. Upon completion of the fee payment process, a Confirmation of Receipt will be displayed and the EST time stamp will then be applied to the submission. The time stamp applied by the EPAS server is the time of official USPTO receipt.

Payments may be made using a credit card, electronic fund transfer (EFT) or through an existing USPTO deposit account. Credit cards accepted are MasterCard, Visa, American Express or Discover.

TECHNICAL REQUIREMENTS

EPAS works with NETSCAPE NAVIGATOR [Version 4.0 or later] or MICROSOFT INTERNET EXPLORER for WINDOWS [Version 4.0 or later]. Supporting documentation attached to the Patent Assignment Recordation Coversheet must be in TIFF image format, letter size (8.5"x11"), 300 dpi, portrait orientation and black and white.

CONTACT INFORMATION

For general information about electronic filing, please telephone the Assignment Services Division Customer Service Desk at 571-272-3350 during regular business hours or e-mail your question(s) to EPAS@uspto.gov. If you need help in resolving technical problems, you may also e-mail us at EPAS@uspto.gov. We will respond to your e-mail inquiry within 2 business days. Please include a telephone number in your e-mail.

[PRIVACY POLICY STATEMENT](#)

The information collected on these forms allows the ASD to officially record an assignment. Responses to the requests for information are required to obtain the requested action. Recorded assignment information will be made public for assignments related to issued or published patents.

This collection of information is required by 36 USC §§ 261 and 263 and is used by the public to submit (and by the USPTO to process) patent assignment recordation requests using the Electronic Patent Assignment System (EPAS). This collection is estimated to take 30 minutes to complete, including gathering the necessary information, filling out the online forms, and submitting the completed request to the USPTO. Any comments on the amount of time you require to complete this request and/or suggestions for reducing this burden should be sent to the Manager of the Assignment Division, USPTO, P.O. Box 1450, Alexandria, VA 22313-1450.
